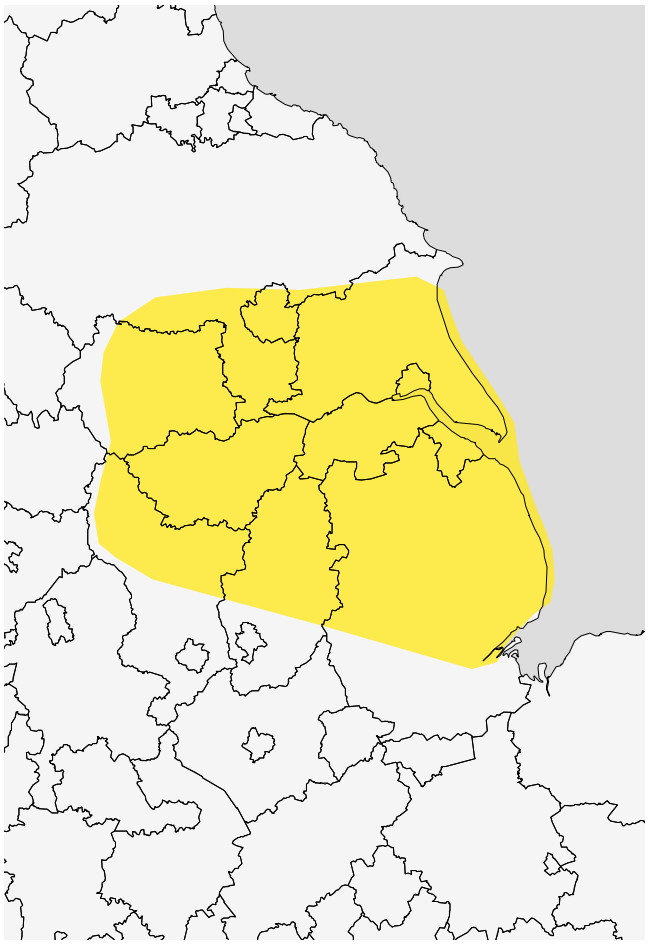
Yellow warning
Rain

Between
03:00 Tue 24 Oct 2023 and
16:00 Tue 24 Oct 2023



Heavy rain at times during Tuesday may lead to further flooding

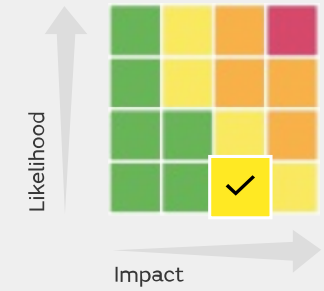
What to expect

- Spray and flooding could lead to difficult driving conditions and some road closures
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- There is a small chance of fast flowing or deep floodwater causing danger to life
- There is a small chance that some communities will become cut off by flooded roads

Further details

An area of rain, some of which will be heavy, will affect the region during Tuesday before easing this evening. There remains some uncertainty in the extent of the heavier rain, but given the already saturated conditions, where this occurs further impacts from flooding are possible.

10-20 mm of rain is expected to fall fairly widely, but a few places could see 30-50 mm; these higher totals more likely in Lincolnshire and Humberside.



Very low likelihood of medium impacts
